

Newbold Verdon PE Pledge

- To continue to provide opportunities for PE, healthy lifestyles and competition in school
- To provide flexible schemes of work, with lesson ideas to support its implementation
- To maintain a minimum of 2 hours per week of PE in the curriculum
- To maintain our development of school sports within our network of schools
- To focus on increased participation of extra-curriculum clubs
- To provide staff training of sport throughout school
- To celebrate sport in and out of school
- To ensure our pupils are given every opportunity to succeed in sport
- To commit resources to support sport in school
- To ensure areas for PE are safe

Newbold Verdon Primary School's Sports Premium

2014-15 (version 2 DEC 2014 – Please see Paul Wright PE Coordinator for version 1 Nov 2013)

What is the Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2013/14 and 2014/15 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

This funding will be ring fenced, and will be allocated directly to primary schools across England, providing them with dedicated resource to buy in invaluable expertise and support. Funding will be allocated through a lump sum for each school and a per-pupil top-up mechanism. The formula will reference the number of primary-aged pupils (i.e. children between the ages of 5 and 11). All schools with seventeen or more primary-aged pupils will receive a lump sum of £8,000 plus a premium of £5 per pupil.

Here is a link to the Department of Education Primary School's Sports Premium page:

<http://www.education.gov.uk/schools/adminandfinance/financialmanagement/b00222858/primary-school-sport-funding/Primary>

Purpose of funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional Change4Life sport clubs
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in the school games
- providing places for pupils on after school sport clubs and holiday clubs.

How will we be spending the Sports Premium and who will benefit?

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that the most able children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development; children that do not achieve the expected objectives in swimming by the end of year 6 offered family financial support in order to support their swimming development. We also agree that all children should be encouraged to develop healthy lifestyles.

Monitoring the impact of the PE Funding

Successes from last year 2013-2014

- Ofsted gave a good statement of how we are using the PE funding and how we are providing PE, Competitive Sport and Providing Healthy Lifestyles in school.
- PE monitoring showed the children were offered good opportunities for sport in school (for evidence see PE Coordinators file).
- PE CPD was completed by teachers from years 1-6.
- Lunchtime activity club proved a great success, really well run and organised by Miss Snape, children's feedback and enthusiasm showed this.
- Sports festivals were attended by over 30% of children in KS2 (more opportunities were given to children who have never represented the school).
- Leicestershire Chance to Shine Cricket and Market Bosworth Tennis PE sessions carried out in KS2 – staff very impressed by them.
- Leicester City Football Club provided a programme of PE for year 2 and EYFS – feedback from staff was very positive.
- All staff attended staff meeting/CPD PE sessions (i.e. cricket) – agreed it was useful and to look out for further opportunities.

- New lunchtime rota for football set up including referee's, bibs and rules displayed in each class.
- New Sports equipment purchased using the PE funding.
- Change for Life club run for a term targeting less active and less healthy children.
- All children took part in a school sports day – Medal races were well received to add competitive element.

Monitoring the impact of lunchtime, after school clubs, specialist coaches and PE festivals – half yearly review January 2015.

Getting an understanding of the impact the PE funding and specialist clubs/coaches/health workers have had on providing children with active and healthy opportunities.

30 families that's 15% of school have attended the Sports Stars Programme which is proving really popular and parents have taken a keen interest. Parents have expressed a good understanding of the healthy aspects covered and many parents have signed up for the next club. Topics covered so far: Autumn 1: Healthy Lunchbox. Autumn 2: Boxing for fitness and fun. Spring 1: Play for Real Workshop.

33% of school have taken part in a lunchtime club that's not including Wendy Armsden's lunchtime club. A good start to the year hopefully numbers will pick up during the summer with more activities on the field. Obviously the majority of the children are active (running, playing) at lunchtimes but we are trying to give more opportunity to the less active.

194 total in school: 22+ chn have attended Sports Stars 15%.

165 in KS1&2: 89 chn have attended an afterschool club that's 53%.

194 total in school: 64 chn have attended a lunchtime club that's 33%.

107 in KS2: 44 chn have attended a PE festival, that's 41% (upcoming dance festival should take that up to over half).

All of year 1 & 2 took part in Leicestershire City Football Club's PE programme and some of the children attending the after school club run by LCFC coaches.

Year 3 & 4 have benefitted from cricket coaching provided by Leicestershire Chance to Shine' cricket programme.

The details below show just some of the ways we intend to spend the Sports Premium during 2014-2015.

Hiring qualified sports coaches to work alongside teachers when teaching PE

The school has hired the services of CoachUnlimited, a coaching company who already deliver some of our PE sessions and after school clubs, to deliver PE training (CPD) over 2 years alongside our staff including: dance, gymnastic, striking and fielding games and multiskills. At the beginning of this school year the teachers identified an area of PE that they wanted to develop and with the coaches they plan, deliver and reflect on their 6 week sessions together. A second area will be addressed in the next school year. This initiative will benefit all children from the Early Years Foundation Stage through to Year 6. Not only will the children benefit from being taught by a member of the coaching staff, but our own staff will be developed through sharing good practice and assisting in the PE lessons. The cost of the staff CPD is £831 for the academic year 2014-15.

Providing places for pupils for after school sport club

Our school offers a range of after school and lunchtime clubs, accessed by children from Key Stages one and two. These clubs will continue to run as before; with the fee charged by CoachUnlimited paid for out of the sports premium (this costs £2,300 for the year). The clubs are chosen for a number of reasons, firstly the clubs are chosen to coincide with any sports festivals that are coming up. The clubs are split between Key Stages one and two so all children are provided with opportunities. Clubs are also chosen to provide opportunities for children to try sports they might not have access to during the curriculum or outside of school like Tri-Golf, cross country or gardening clubs for instance. After school clubs and lunchtime clubs currently take place on a Monday, Wednesday and Thursday.

Newbold Verdon Sports Stars

During this school year we are introducing a new health project called 'Newbold Verdon Sports Stars'. The project is a year of fun physical activity sessions which will run alongside a Health Education Programme provided by voluntary and external organisations. Our school is going to receive a 38 week package including 1 hour per week of coaching, run by CoachUnlimited and their highly qualified and experienced Level 2 coaches. The health education portion of the programme is run by external organisations, all of which have agreed to make this project a success. The purpose is to educate children and parents in leading a healthy lifestyle and to improve understanding of what being healthy means and how this can be achieved through physical activity, exercise, diet and nutrition. Finally, the project aims to encourage and prolong participation of children in activities that are beneficial and vital to leading a healthy lifestyle. The cost of the package is £1,604.

Encouraging healthy active lifestyles during break times

As well as using CoachUnlimited to deliver high quality PE lessons and clubs we will be training up and purchasing equipment for our lunchtime supervisors to support the children in activities during their lunchtime. We are currently employing a lunchtime play supervisor who specifically provides sporting and healthy activities. The cost of this is £323.

To further encourage playground activities such as Dancing part of the PE Funding was used to purchase the Life Channel TV which is situated in the playground. Music and dance moves will be played during break times and further opportunities will be explored to add new content to the TV. The cost of this is £1000.

Hiring other specialist sports coaches to offer a range of opportunities for our children

Our school is always looking for other sporting activities to increase the children's participation in sport and healthy lifestyles. For this school year we have purchased sports sessions from 'Chance to Shine' a cricket programme for KS2 provided from Leicestershire and Rutland's cricket board with links and free sessions provided by our local cricket club. Leicester City Football Club will be providing a programme of sessions for Foundation Stage and Year 1 children designed to improve their agility, balance, coordination, manipulation and movement.

Providing opportunities for children to compete

Our school is a member of the Hinckley and Bosworth School Sports Association (HABSSA) with a £125 affiliation cost taken from the sports premium.

HABSSA arrange tournaments and fixtures between the cluster primaries, whilst offering exit routes for our more gifted children, allowing them to compete against other children at a higher level. Events will be planned throughout the year for the HABSSA family of schools and also through the wider Leicestershire Sports Network.

A calendar for these events is outlined below.

Many of these events link into the Sainsbury's School Sports Games programme, of which our school is a member. Other sports festivals such as Cross Country, swimming, football and netball leagues will run alongside this timetable. See the PE Coordinator for further details.

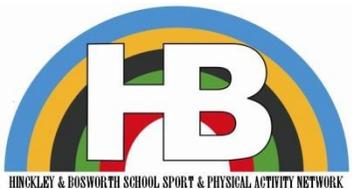

The Market Bosworth School

An Outstanding Leicestershire Academy

<u>Festival</u>	<u>Venue</u>	<u>Year Group/s</u>	<u>Date</u>	<u>Time</u>	<u>Entry Please Tick</u>
6-a-side Football	The Market Bosworth School	5/6 combined	Wednesday 24 th September	2:00pm-4:30pm	Y5/6

The top 2 School teams from each level 2 School Games competition will progress into the Level 3 qualifying competition, dates of which have been included

PE Funding Analysis 2014-15

Funding £8,895

Activity / Resource	Cost	Notes
Staff PE CPD	£831	CPD for staff as outlined above.
PE Schemes of Work	£83	To provide staff with up to date schemes of work to aid planning/delivery of PE
After School Clubs	£2,300	Providing free clubs for KS1&KS2 pupils as outlined above.
Newbold Verdon Sports Stars Programme	£1,604	New health project as outlined above.
Healthy Activity Lunchtime Club	£323	Employing a lunchtime play supervisor as outlined above.
PE/Sports Equipment	£263	Equipment to aid new PE training and After School / lunchtime clubs
Life Channel (TV)	£1000	Providing programmes displayed on TV at lunchtime, as outlined above.
Trophies	£252	Trophies for Football tournament and Sports Day medals
Football Referee	£25	Providing referees for Football tournament.

Still to spent £2,214

Details of our PE Curriculum aims are below.

PE Curriculum

Aims

The national curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives

Key stage 1

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Pupils should be taught to:

- master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending
- perform dances using simple movement patterns

Key stage 2

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.

Pupils should be taught to:

- use running, jumping, throwing and catching in isolation and in combination
- play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending
- develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]
- perform dances using a range of movement patterns

- take part in outdoor and adventurous activity challenges both individually and within a team
- compare their performances with previous ones and demonstrate improvement to achieve their personal best

Swimming and water safety

All schools must provide swimming instruction either in key stage 1 or key stage 2.

In particular, pupils should be taught to:

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- perform safe self-rescue in different water-based situations
